This free booklet tells you how you can break into Computer Programming

23,000 more programmers needed each year...get your basic training now!

...by training at home. Also FREE: Interesting sample lesson for you to try. No obligation.

Why don't you prepare for a career in programming? All it takes to start your training is a high school education and a logical mind. No machines are involved because a programmer does not operate machines. He writes the programs that tell the computers what to do.

Programmers are to be found in many types of business—in manufacturing, banks, department stores, communications, transportation, utilities. Trainees begin at good pay, and with the right background and experience can rise to fill supervisory positions at upper-level salaries.

Instead of worrying about how long your present job is going to last, you can plan for a bigger future in a growth field. Continuing expansion in the years ahead may result in more openings for computer programmers than there will be people to fill them!

Right now, without leaving your present job, you can prepare for a trainee position in computer programming. A position that may open up many opportunities for you—in the exciting world of tomorrow.

You can study computer programming with LaSalle at home, in your spare time. Experienced LaSalle instructors will teach you by mail—correct and grade your lesson assignments. You will receive basic instruction in the nature, hardware, vocabulary, equipment and techniques of computer programming.

Send for free sample lesson and fascinating booklet "Beginning Your Career in Computer Programming." In simple, non-technical language this booklet tells you what computer programming is; what the programmer does; and how you can get your basic training in your spare time. LaSalle, 417 S. Dearborn Street, Chicago, Illinois 60605.

...OR DO WE HAVE TA SIT ON OUR PINKIES TILL YER NEXT *PRESS CONFERENCE*?!
LET ME MAKE ONE THING PERFECTLY *CLEAR*, COLONEL! THIS ISN'T THE SORT OF THING WE CAN MAKE A *SNAP DECISION* ON!
FIRST OF ALL, I HAVE TO DISCUSS THE MANEUVERS WITH THE GENTLEMEN FROM THE *PENTAGON*!
THEN, IF THEIR REACTION IS *FAVORABLE* ...I'LL HAVE TO GO OVER IT ALL WITH THE *CABINET*!
FROM THERE, I'LL TAKE YOUR CASE TO THE *CONGRESS*... AND IF *THEIR* REACTION IS IN THE POSITIVE... WELL, OBVIOUSLY YOU'LL GET YOUR *APPROPRIATION*!
OH, *YEAH*?! WELL THAT SOUNDS REAL *PRETTY*... EXCEPT THAT ALL I WANTED TO KNOW WAS...

*LIFE MODEL DECOY, AS PEERLESSLY PORTRAYED IN ABOUT A ZILLION ISSUES OF NICK FURY, AGENT OF SHIELD! --STAN.
BUT BEFORE YOU *GIVE* ME AN ANSWER... MAYBE I'D BETTER GIVE YOU A *CLOSER LOOK* AT THE *LMD'S*!
THEY WORKED OUT PRETTY *GOOD* AS FAKE HYDRA AGENTS ...AND I THINK YOU OUGHTTA KNOW *WHY*...
SO JUST FEAST YER EYES ON *THIS*--

JUST TAKE A SQUINT AT THIS *DIAGRAM,* SIR! I THINK IT'LL GIVE YOU A BETTER IDEA OF WHAT THE LMD'S ARE ALL *ABOUT,* AND...

WE ALL HAVE *COPIES* OF THAT DIAGRAM, COLONEL...AND WE'VE STUDIED IT MOST *CAREFULLY!*
WE THANK YOU FOR *STAGING* THIS ELABORATE DEMONSTRATION... AND WE'LL LET YOU KNOW ABOUT THE FUNDS TO CONTINUE THE PROJECTS AS SOON AS *POSSIBLE!*
BUT FOR NOW, I'LL TURN IT OVER TO OUR *TECHNICAL EXPERTS!*
CLICK!
GOOD MAN, FURY...BUT HE DOESN'T UNDERSTAND THE COMPLEXITIES OF RUNNING A *GOVERNMENT!*
THE *LMD'S* COULD BE HIGHLY *VALUABLE* TO US, OF COURSE... BUT, UNFORTUNATELY, THEY'RE CONSIDERABLY MORE *EXPENSIVE* THAN OUR *HUMAN* SHIELD OPERATIVES!
AND AS FOR THE *FEMME FORCE*-- WELL, WE SHOULD CERTAINLY CONSIDER MORE FUNDS FOR *THAT* PROJECT!

Awarded the title of "The World's Most Perfectly Developed Man."

Let Me PROVE I Can Make YOU A NEW MAN!

ARE you "fed up" with seeing the huskies walk off with the best of everything? Sick and tired of being soft, frail, skinny or flabby — only HALF ALIVE? I know just how you feel. Because I myself was once a puny 97-pound "runt." And I was so ashamed of my scrawny frame that I dreaded being seen in a swim suit.

The Secret of How I Got My Build

Then I discovered a wonderful way to develop my body fast. It worked wonders for me — changed me from the scrawny "runt" I was at 17, into "The World's Most Perfectly Developed Man." And I can build up YOUR body the very same natural way — without weights, springs or pulleys. Only 15 minutes a day of pleasant practice — in the privacy of your room.

My "Dynamic Tension" method has already helped thousands of other fellows become real he-men in double quick time. Let it help YOU. Not next month or next year — but Right NOW!

"Dynamic-Tension" Builds Muscles FAST!

If you're like I was, you want a powerful, muscular, well-proportioned build you can be proud of any time, anywhere. You want the "Greek-God" type of physique that women rave about at the beach — the kind that makes other fellows green with envy.

when I planned to **retire before fifty**

this is the business that made it possible

a true story by John B. Haikey

Starting with borrowed money, in just eight years I gained financial security, sold out at a profit and retired.

"Not until I was forty did I make up my mind that I was going to retire before ten years had passed. I knew I couldn't do it on a salary, no matter how good. I knew I couldn't do it working for others. It was perfectly obvious to me that I had to start a business of my own. But that posed a problem. What kind of business? Most of my money was tied up. Temporarily I was broke. But, when I found the business I wanted I was able to start it on a little over a thousand dollars of borrowed money.

"To pyramid this investment into retirement in less than ten years seems like magic, but in my opinion any man in good health who has the same ambition and drive that motivated me, could achieve such a goal. Let me give you a little history.

"I finished high school at the age of 18 and got a job as a shipping clerk. My next job was butchering at a plant that processed boneless beef. Couldn't see much future there. Next, I got a job as a Greyhound Bus Driver. The money was good. The work was pleasant, but I couldn't see it as leading to retirement. Finally I took the plunge and went into business for myself.

"I managed to raise enough money with my savings to invest in a combination motel, restaurant, grocery, and service station. It didn't take long to get my eyes opened. In order to keep that business going my wife and I worked from dawn to dusk, 20 hours a day, seven days a week. Putting in all those hours didn't match my idea of independence and it gave me no time for my favorite sport—golf! Finally we both agreed that I should look for something else.

"I found it. Not right away. I investigated a lot of businesses offered as franchises. I felt that I wanted the guidance of an experienced company—wanted to have the benefit of the plans that had brought success to others, plus the benefit of running my own business under an established name that had national recognition.

"Most of the franchises offered were too costly for me. Temporarily all my capital was frozen in the motel. But, I found that the Duraclean franchise **offered me exactly what I had been looking for.**

"I could start for a small amount—a little over a thousand dollars—and that amount I could borrow. I could work it as a one-man business while getting a start. No salaries to pay. I could operate from my home. No office or shop rent or other overhead. For transportation I could use the trunk of my family car. (I bought the truck later, out of profits.) But, best of all, there was no ceiling on my earnings. I could build a business as big as my ambition and energy dictated. I could put on as many men as I needed to cover any volume. I could make a profit on every man working for me. And, I could build this little by little, or as fast as I wished.

"So, I started. I took the wonderful training furnished by the company. When I was ready I followed the simple plan outlined in the training. During the first period I did all the service work myself. By doing it myself, I could make much more per hour than I had ever made on a salary. Later, I would hire men, train them, pay them well, and still make an hourly profit on their time that made my idea of retirement possible—I had joined the country club and now I could play golf whenever I wished.

"What is this wonderful business? It's Duraclean. And what is Duraclean? It's an improved, space age process for cleaning upholstered furniture, rugs, and tacked down carpets. It not only cleans but it enlivens and sparkles up the colors. It does not wear down the fiber or drive part of the dirt into the base of the rug as machine scrubbing of carpeting does. Instead it *lifts* out the dirt by means of an absorbent dry foam.

"Furniture dealers and department stores refer their customers to the Duraclean Specialist. Insurance men say Duraclean can save them money on fire claims. Hotels, motels, specialty shops and big stores make annual contracts for keeping their carpets and furniture fresh and clean. One Duraclean Specialist recently signed a contract for over $40 000 a year for just one hotel.

"Well, that's the business I was able to start for a little over a thousand dollars. That's the business I built up over a period of eight years. And, that's the business I sold out at a substantial profit before I was fifty."

Would you like to taste the freedom and independence enjoyed by Mr. Haikey? You can. Let us send you the facts. Mail the coupon, and you'll receive all the details, absolutely without obligation. No salesman will ever call on you. When you receive our illustrated booklet, you'll learn how we show you STEP BY STEP how to get customers; and how to have your customers get you more customers from their recommendations.

TAKE ME TO OUR LEADER!

(or, Look Homeward, Smiley!)

ITEM! This is it — the month that STAN (The Man) LEE returns to the fold as scripter of some of our mind-bending masterworks, after devoting these past few weeks to his editorial and screenwriting chores. Our Leader's tapering on with a 20-page action saga of Ragnarok in the current issue of THE MIGHTY THOR, and next month he vows to be back in full harness, authoring our friendly neighborhood web-spinner once again. Reception to the hard-working stalwarts who've filled in for him these past few issues has been emphatically enthusiastic, but what is Romeo without Juliet—Bonnie without Clyde—or Marvel without Stan Lee? 'Nuff said! (Aside to Mr. Thomas: Thanks for the kind words, Roy — but you still can't borrow my new electric pencil-sharpener! — S.L.)

ITEM! This one we hadda plug! As we go to press, we're considering changing the name of our new MARVEL SPOTLIGHT mag, but whatever its final appellation, we've got a hunch that its second issue — now on sale — is gonna be a definite smash! The new series heralded therein is called WEREWOLF BY NIGHT — and if that doesn't clue you in that Marvel's branching out into new and exciting areas, then we'd better drop our soft-sell approach. Fact is, this new series idea was so thrilling that half the Bullpen has been dying to have a hand in it. ROY THOMAS conceived and plotted the first tale (with the advice and consent of his better half, JEANIE), then turned it over to GERRY CONWAY, who's turned in one of his greatest, wildest scripts to date. As for the art — well, say hello to Madcap MIKE PLOOG (love that name!), who's making his comic-mag debut with this premier shocker, and who's destined to become one of Marvel's mightiest! In other words, we strongly advise you to pick up a copy of WEREWOLF BY NIGHT before it's sold out — and don't bother waiting till the full moon, okay?

ITEM! Ulp! We know we promised you we'd print the full results of the first Annual Awards of the newly formed Academy of Comic-Book Arts, and that's just what we're gonna do — but we're so strapped for space we'll have to make it fast. First off, the award itself is called the "Shazam" — and all individual winners receive a handsome foot-high statuette of (you guessed it) a lightning bolt! Now to the awards themselves: In the dramatic division, kudos for the best artist of 1970 went to nefarious NEAL ADAMS — and if you wanna know why we're pleased as punch about that one, then just sneak a peek at the latest ish of a mag called THE AVENGERS. Scripting honors went to Marvel Alumnus DENNY O'NEIL, and DICK GIORDANO was tapped as best inker. Humorous awards in those three categories went to BOB OKSNER, CARL ("Uncle Scrooge") BARKS, and HENRY SCARPELLI, respectively — while JIM STERANKO won special recognition for his critically-praised history of comic-books, as did WOODY GELMAN of Nostalgia Press, who's currently preparing a hard-bound edition of CAPTAIN AMERICA's early epics. Best-mag award went to GREEN LANTERN and its story "No Evil Shall Escape My Sight," while JACK ADLER was named best colorist. Oh yes, and lest we forget, our own slammin' SAMMY ROSEN was voted the striking statuette for his lettering prowess. Rascally Roy accepted ACBA's first coveted Hall of Fame award on behalf of the immortal Golden-Age team of JERRY SIEGEL and JOE SHUSTER, while we couldn't be happier that the premier "rookie-of-the-year" award went to bashful BARRY SMITH, largely on the basis of his widely-heralded CONAN. But, for much of the membership, the highpoint of the evening's festivities (held at New York's Statler-Hilton Hotel) was the presentation of a Special Award to Marvel's own STAN LEE, who had virtually founded ACBA all by his lonesome and who served as president during its first, crucial year! Right on, Stan!

ITEM! We could go on and on about the galaxy of guests who showed up to honor comicdom's talented titans, including satirist HARVEY KURTZMAN, director ALAIN RESNAIS, and many others — about the mad, mad monologue provided by comedian LENNY PRICE — about the special services rendered by NYC radio personality ALEX BENNETT as our genial master-of-ceremonies. But we've definitely run out of room — and time! Besides, it just occurred to us that we may have a few spare paragraphs to fill on this page the *next* time around, so — till then, peace!

MIGHTY MARVEL
IS ON THE *MOVE* AGAIN!!

STAN LEE'S SOAPBOX

Hey man, want proof that comicbooks are really coming into their own these days? Okay, grab onto this. I can still remember going to parties, a few years back, when people would ask what I did. When they'd hear the answer — a comicbook writer/editor — they'd react like I was from outer space, after which they'd gravitate over to some seemingly more prestigious playwright or screenwriter. However, tempus has a way of fugiting. Recently I attended some similar social fetes, anxiously awaiting a chance to yak about the new screenplay I've written. But what happened? You guessed it. Today, it's the comicbooks that are in. Everyone's clamoring to hear about our swingin' superheroes. But you don't hear yours truly complaining. You and I have always known where comics were at, and now it's a kick to see that the rest of the world has finally caught up with us!

Excelsior!

Stan
